

Open Line Friday

A collaborative teleconference addressing Providers' key ICD-10 topics of interest.

ICD-10: Collaborate or collapse! Choose to collaborate with us every third Friday.

Get ready for an informative, thought-provoking audio conversation concentrated on the vital elements of ICD-10. Knowledgeable industry authorities and key stakeholders will address essential considerations to prepare for and implement ICD-10 including common issues and challenges, impacts, best practices, and other relevant topics of interest. A guest panel of established providers and ICD-10 stakeholders will participate (subject to availability) in the dialogue.

The ICD-10 *Open Line Friday* teleconference series takes place **every third Friday** of each month at **9:30 a.m. – 10:30 a.m. E.T.** All providers, clearinghouses, trading partners and billing services are invited to attend.

For additional program detail and a copy of the program PowerPoint presentation (available **within 48 hours** of each session), visit the Open Line Friday section located at www.FloridaBlue.com/ICD-10. Your questions* and comments will be addressed live, time permitting.

There is no need to register or reserve space. Simply call the toll-free number below at 9:30 a.m. ET:

A Provider's ICD-10 Implementation Toolkit

ICD-10 provider information, tips, guides, timelines, education and more at your fingertips.

It may seem like Oct. 1, 2014 is a far way off, so you may be tempted to delay preparing for migration from ICD-9 to ICD-10. However, when you consider the magnitude of work that needs to be completed, advance planning and education are crucial for success. Now is the time to prepare, though it will not be without challenges. Preparing for ICD-10 can be overwhelming. To support you with your ICD-10 preparation, Florida Blue has located valuable industry information, links and resources, giving you access to some of the most helpful tools in one convenient location. This toolkit will evolve as we move closer to the ICD-10 mandate.

Toolkit Contents:

-  Basic Information and Tips
-  Implementation Timelines
-  Implementation Guides
-  Education and Training
-  Communications
-  Testing
-  Influencing Physicians and Practices to Embrace ICD-10
-  Latest News
-  Related Links
