

Greetings Fellow AAHAM Members,

I hope everyone had a great Memorial Day and paused a moment to remember the service men and women who served our country and paid the ultimate price to give us the freedom we have today.

I'm not sure where the time goes, but one thing I am certain of, it FLIES by. I for one don't even want to think about the holidays approaching us again in a few months. I think working in the revenue cycle, we get so wrapped up trying to close one month out and a new one is already started that we don't have time to enjoy the great accomplishments we achieved from month to month. Did you know - you as a member not only have access to our floridaaaham.com website but we are now on LinkedIn and Facebook? You can use AAHAM as a tool to network with other providers on how they might be handling certain issues that could be of help to you. All you have to do is join our page, and let the networking with your peers begin. I know this won't stop time from flying by, but it might resolve some of your outstanding issues, which in turn could give you a few minutes of freedom.

Our fall conference will be held at the DoubleTree Orlando at Sea World starting August 12-14, 2015 where we will be featuring many insurance carriers which I know you will all enjoy - BUT - before they would agree to attend, we had to promise we wouldn't BEAT up on them. It looks to be very exciting so you need to mark your calendars for this event. Also, this is election year for National AAHAM executive officers, so look for an email from me in a few weeks giving you some insight as who is on the ballot. I have come to know many National members over the last 4 years being your President.

I want to send a special thank you to our Corporate Partners for all they do for AAHAM. Without them, we wouldn't be able to have conferences at the beautiful places we do and have the awesome speakers and education. Please take time when you see them to thank them for all they do, and should you need the services they provide please consider our AAHAM sponsors first.

I look forward to seeing you in Orlando and if I can be of any assistance please contact me at 352-357-6999 or lindacsayre12@comcast.net.

Sincerely,

Linda Sayre
