

June 2018

Dear Florida Sunshine Chapter Members,

Summer time! It got hot quick didn't it? As we start our summertime, most of us are probably cleaning up our accounts receivable from a busy season and trying to organize all of the projects we wanted to do but couldn't find the time while also trying to schedule some time off with our families. So much to do, so little time!

Having trouble deciding what to do first? Eat your BRAN in OHIO! Evaluate the pros and cons of what you are considering. Study the **B**enefits, **R**isks, **A**lternatives, and **N**othing. This will assist with prioritizing your projects and narrowing down the list. And I hear Ohio is beautiful this time of year - **Only Handle It Once**. If you find yourself touching the same issue repeatedly, get that fixed. It will be worth your time to do it.

Your AAHAM Board of Directors is continuing to build one day educations for the rest of the year. We want to ensure you have the opportunity to earn your CEUs you need for your certification and to get the education you need to make your jobs easier. Be on the lookout for upcoming sessions in your area. And we have begun planning for next year's education too. I know it's early, but go ahead and mark your calendars for a two day conference in Orlando at the Double Tree at SeaWorld, August 7-9, 2019. This fall the National AAHAM ANI is held right here in Florida in Bonita Springs from October 17 – 19. The opportunity to attend the ANI is not something that should be passed up. Make your plans now.

Respectfully,

Karen Kennedy

President, Florida Sunshine Chapter of AAHAM
