

March 8, 2018

Dear Florida Sunshine Chapter Members,

We are well into 2018 now and I am sure many of us are in the height of our healthcare season. So while it's crazy at work and your days are flying by, make sure you take time to love your families and take care of yourself too!

Mighty Networks Update – Don't forget to sign up for the Mighty Networks where you can blog with your peers in a private group without fear of being flooded with spam. You can request access at <https://aaham.mn.co>

Our March conference starts today and we have packed an agenda into just a day and half to get the most education out there as possible in as little amount of time so that you may get the hours and education you need efficiently and effectively.

We are also hosting several one day conferences around the state this year to bring education to you. We know it is difficult to get away or to afford a conference and travel when your employer has no budget for that. Locations already planned include Lee Health in Cape Coaral on April 2, Shands Jacksonville in May/June, Martin Health in Stuart in August. Baycare, Memorial Health in Miramar, Boca Raton Medical Center, and a Tallahassee Region all are planned and dates are still being worked out. With one of those locations, you are sure to be able to attend one!

We also urge you to do the national webinars. It's one price for as many people as you can get to hear and see. That becomes very cost effective for education too. More information about national webinars can be found at <http://www.aaham.org>. Scroll to the bottom to the hot topics and you will find dates and links for the webinars.

I wish you the best for your spring season and a successful healthcare winter season for your revenue cycles!

"Spring is nature's way of saying, "Let's party!" --Robin Williams

Respectfully,

Karen Kennedy
President, Florida Sunshine Chapter of AAHAM
